

CRYSTAL SNOWFLAKES!

SUPPLIES:

- 6 Tbsp Borax
- 2 cups boiling water
- Dental floss or string
- Wide mouth mason jar
- White pipe cleaner
- Pencil or chopstick

DIRECTIONS:

- Bring your water to a boil
- While waiting for the water to boil, cut your pipe cleaner into three equal sized pieces
- Now line the pipe cleaner pieces up and twist in the middle, to hold them together in a snowflake shape
- Tie the string or floss to one of the pieces of pipe cleaner, then tie onto the chopstick or pencil
- Pour 2 cups boiling water into the mason jar
- Add the borax
- Stir until it is dissolved
- Place the pipe cleaner into the water, letting it hang from the pencil or chopstick
- Leave your snowflake sitting on the counter overnight. In the morning it will be covered in crystals!
